HIGHLIGHTS

- **GloBE news**
 - Oman, Brazil, South Africa, North Macedonia, Hong Kong, Japan, Singapore, Australia, Guernsey
- **France**
 - Tax authorities issue surprising guidance on foreign tax credits
- **Canada's parliament has been suspended**
 - What is impact on tax changes which have been announced, but not yet passed?

HAPPY FRIDAY!

LA burns; Trump goes on the M&A trail; and Meta abandons facts!

Meanwhile, in the tax world ...

South Africa outsources legislative drafting to the **OECD**; **Indonesia** is not sure about its VAT rate; **France** gets creative with foreign tax credits; **Tullow** declares success in **Ghana**; and **Canada's** tax authorities don't wait for parliament!

But at the end of the week, the most important question is this: "Are fact-checkers inherently biased?"

Have a great weekend!

Steve
