25 July 2025

HIGHLIGHTS

- 2 large trade deals finalised
 - Japan / US
 - India / UK
- 3 international tax cases
 - India, European Court of Justice, and UK

HAPPY FRIDAY!

Donald Trump had to wear a hard hat when he met Jerome Powell; Thailand and Cambodia start fighting (again); and Zelensky wants to muzzle corruption watchdogs!

Meanwhile, in the tax world ...

The Philippines celebrates saving 1%; China goes downmarket to find super luxury cars; India's select committee runs out of pages; Hyatt exerts too much control; Tauritus is not Hamamatsu; and Germany can't deal with China!

But at the end of the week, the most important question is this: "What is your definition of drinking in moderation?"

Have a great weekend!

Steve

INTERNATIONAL TAX QUIZ

THIS WEEK'S NEW QUIZ

XCo is located in jurisdiction X and is the UPE of an MNE Group.

XCo owns the Controlling Interests in 3 Constituent Entities: YCo, ZCo, and ACo, respectively located in jurisdictions Y, Z, and A.

XCo owns 60% of the Ownership Interests in YCo, while the remaining 40% are held by third parties.

YCo owns 90% of the Ownership Interests in ZCo, while the remaining 10% are held by third parties.

ZCo wholly owns ACo.

The Ownership Interests of YCo, ZCo, and ACo are common shares that carry an equal right to profit distributions and capital.

Jurisdictions X, Y and Z have implemented the GloBE rules, but jurisdiction A has not.

ACo is the only Constituent Entity located in jurisdiction A. 100 of top-up tax exists in regard to jurisdiction A.

How much top-up tax will each of XCo, YCo, and ZCo be required to pay?

Answer in next ITB email alert!

LAST WEEK'S QUESTION

XCo is located in jurisdiction X and is the UPE of an MNE Group.

XCo owns the Controlling Interests in 3 Constituent Entities: YCo, ZCo, and ACo, respectively located in jurisdictions Y, Z, and A.

XCo owns 60% of the Ownership Interests in YCo, while the remaining 40% are held by third parties.

YCo wholly owns ZCo, and ZCo wholly owns ACo.

The Ownership Interests of YCo, ZCo, and ACo are common shares that carry an equal right to profit distributions and capital.

Jurisdictions X, Y and Z have implemented the GloBE rules, but jurisdiction A has not.

ACo is the only Constituent Entity located in jurisdiction A. 100 of top-up tax exists in regard to jurisdiction A.

How much top-up tax will each of XCo, YCo, and ZCo be required to pay?

LAST WEEK'S ANSWER

YCo is a Partially-Owned Parent Entity (POPE) (Art. 10.1.1 definition), because: (i) it owns an Ownership Interest in ZCo; and (ii) 40% of its Ownership Interests are owned by persons that are not Constituent Entities of the MNE Group. It is therefore not an Intermediate Parent Entity (Art. 10.1.1 definition).

ZCo is also a POPE, because: (i) it owns an Ownership Interest in ACo; and (ii) 40% of its Ownership Interests are owned indirectly by persons that are not Constituent Entities of the MNE Group. It is therefore not an Intermediate Parent Entity.

ACo is not a POPE, because it does not own an Ownership Interest in any Constituent Entity of the MNE Group.

Prima facie: (i) XCo applies the IIR (Art. 2.1.1); (ii) YCo applies the IIR (Art. 2.1.4); and (iii) ZCo applies the IIR (Art. 2.1.4). For XCo, the Allocable Share of the jurisdiction A top-up tax is 60; Art. 2.2. For each of YCo and ZCo, the Allocable Share is 100; Art. 2.2.

Triple-tax is avoided by: (a) Art. 2.1.5 prevents ZCo applying the IIR; and (b) Art. 2.3 reduces XCo's Allocable Share to zero.

Thus, final answer: YCo is required to pay 100 of top-up tax.

Do you agree?
