HIGHLIGHTS

- **Tariff wars**
 - US government goes into business with Nvidia and AMD
- **PepsiCo case from Australia**
 - Embedded royalties and diverted profits tax
- **2 other international tax cases**
 - From India and US

HAPPY FRIDAY!

National Guard takes over DC; Democrats prepare to return to Texas; and India nervously watches Alaska!

Meanwhile, in the tax world...

US goes into business with Nvidia and AMD; PepsiCo has the right formula in Australia; Volkswagen's notional interest gives it an actual win; Italy provides a 4% cut; the IRS will finally get to read those employee performance evaluations; and the US wants its ships to pollute!

But at the end of the week, the most important question is this: "What does Putin want from Trump in Alaska?"

Have a great weekend!

Steve
